learning process.

Duties included in this role:

- Create strategic training programs that align with business needs and projects
- Assess individual and group training needs
- Plan, prepare, and research lessons
- Create a diverse variety of deliverables – (i.e. documentation, videos, self-paced learning, webinars, etc.)
- Develop and deliver in-person and remote courses to individuals and groups in a professional manner
- Organize, prepare and promote courses and customized training materials
- Develop and maintain web-based training materials including videos, instruction manuals, and tip sheets
- Collaborate with project coordination team to develop training plans, course materials and documentation for new software applications
- Apply new technologies to deliver courses and improve the learning experience for users
- Develop and assess learning outcomes for participants
- Keep personal IT and training skills and knowledge up to date

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit – all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
