opportunity and comply with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of North Texas System and its component institutions do not discriminate on the basis of race, color, sex, sexual orientation, gender identity, gender expression, religion, national origin, age, disability, genetic information, or veteran status in its application and admission processes, educational programs and activities, and employment practices. The candidate must currently possess a Master degree in Logistics, Supply Chain Management, Civil Engineering (with a transportation specialization), Planning, Public Policy, Economics, Economic Geography, or a closely related discipline. The candidate must also have at least three to five years of full-time, professional experience as a researcher or have been employed in a related industry, such as engineering or management consulting. This position requires the candidate maintain a full-time, physical presence at the Center for Logistics and Supply Chain Management's (CLSCM) Austin, Texas office.
