Job Description	

The Department of Technology Management and Innovation at the NYU Tandon School of Engineering invites applications for a full time, non-tenured, visiting faculty position in Operations Research/Management Science with a start date of September 1, 2019. New York University (NYU) is one of the top private universities in the United States. We have an illustrious past as Brooklyn Poly and NYU Polytechnic School of Engineering.

Our mission is to excel in research, teaching and entrepreneurship. We aim to inspire and educate

engineers for the 21st century. We are committed to quality, integrity, and respect for each other. We take pride in our high numbers of women students and students who are the first in their family to go to college. We seek faculty who have a real passion for a culturally diverse environment. Tandon belongs to the Higher Education Recruitment Consortium (HERC), which assists with dual-career searches.

We foster innovation and entrepreneurship that make a difference in the world:

Our faculty and students are part of the high-tech start-up culture in New York City and in downtown Brooklyn.

We support four “future lab” business incubators that connect our students and faculty to today’s innovation economy.

We collaborate closely with other universities throughout NYC.

We maintain strong partnerships with NY city and state governments and with industry and corporate communities.

With NYU's unrivaled global network of campuses, we promote a truly global engineering education.

We are deeply committed to teaching and learning, and we lead in online education and in K-12 STEM outreach. Our students conduct Vertically Integrated Research projects and participate in an extensive undergraduate summer research program.

We invite applicants for classroom and laboratory teaching in all areas of Operations Research with particular emphasis on Management Science. You should be an excellent teacher. You should have a Ph.D. in Applied Math, Operations Research, Economics, Management Science or a closely related discipline and a record of industrial experience and/or teaching in these areas.

You should submit:

- Cover letter
- Current CV
- Recent teaching evaluations (if available)
- Teaching statement describing experience and teaching philosophy
- Names and contact information for three references.

Please submit materials electronically at

<https://apply.interfolio.com/62104>

We will review applications starting immediately and will continue until we fill the position; we encourage you to submit promptly.

New York University is an Equal Opportunity Employer. NYU does not discriminate due to race, color,
