Job Description	

This position requires teaching both graduate and undergraduate level courses, with courses assigned by the chair of the department. The responsibilities of this position also include serving as a Director of the MS in Management Information Systems. Responsibilities in connection to the directorship include (but are not limited to): drive the effort to recruit applicants, engage in activities that lead to the development of the program, develop and maintain a smooth working relationship with the School of Management Career Resource Center and Graduate Programs Office.

The Clinical Assistant Professor is required to engage in curriculum development and improvement, and contribute to the intellectual life of the department, school and university.

Since 1923, the UB School of Management has built an impressive reputation as one of the best schools of business in the world.

The comprehensive range of our academic portfolio, the expertise of our faculty and the worldwide
