**Job Description**

The University at Buffalo <https://management.buffalo.edu/School of Management> is seeking to fill a non-tenure track faculty position in the rank of Clinical Assistant/Associate Professor to begin in Fall 2022.

The UB School of Management is looking for a dynamic leader for its MS degree in Management Information Systems (MIS). This individual will take over a program with a fully developed curriculum, but with the expectation that they will bring a continuous improvement perspective to this role. The program director will be engaged in all aspects of program management from admission and recruiting

to orientation and curriculum development. The School has a highly trained professional staff to support the entire student experience from admissions to placement, but the program director will be expected to be an active collaborator with these staff.

Primary duties include:

- \* Serving as Program Director for the MS in MIS Program.
- \* Teaching MIS courses at the undergraduate, MS and MBA levels.
- \* Engaging with students in professional development activities.
- \* Engaging with industry professionals who contribute to the school and program activities.
- \* Collaborate with other program directors of the school in co-curricular activities.

The successful candidate will be expected to play a significant role in the development and delivery of education at the undergraduate and graduate levels, as well as being actively engaged with the IT/IS profession.

The University at Buffalo is an affirmative action, equal opportunity employer. The University is dedicated to the goal of building a culturally diverse and pluralistic faculty and staff committed to teaching and working in a diverse environment, and strongly encourage applications from women, minorities, individuals with disabilities, and veterans to apply. The School of Management seeks candidates whose research, teaching, and service has prepared them to contribute to our commitment to diversity and inclusion, and who have a record of success in mentoring individuals from groups underrepresented in higher education.

The UB School of Management is recognized for its emphasis on real-world learning, community and economic impact, and the global perspective of its faculty, students and alumni. For more information about the UB School of Management, visit [mgt.buffalo.edu](http://mgt.buffalo.edu).

Impactful research, academic merit, transformative scholar experiences, and broad-ranging service to local, state, national, and international populations describe UB's calling as a leading research-intensive public university. UB was founded in 1846 as a private medical college located in downtown Buffalo and joined SUNY in 1962. Today, UB is the largest and most comprehensive public research university in the SUNY system and a prominent, global center for academic excellence. In 1990, UB was the first public university in the Northeast to be welcomed into the Association of American Universities (AAU), joining North America's other leading research universities.

UB is located in Buffalo, NY, which is located on Lake Erie, close to Niagara Falls, and a short distance from Toronto and other attractions, and is a city that features world-class art galleries and museums (American Style ranked Buffalo as the #1 arts destination for all mid-size cities), impressive

architecture, and a wonderful series of parks and outdoor recreation areas. Buffalo is close to two significant wine growing regions-Niagara Escarpment and the Finger Lakes region. In addition, the Adirondack Mountains are half-a-day's drive from Buffalo. Rich in natural resources and beauty, the Buffalo Niagara area is a four-season region that offers the best for seasonal sports enthusiasts. These features along with the economic and cultural revitalization being experienced by the city and surrounding region and its affordability, make the region highly attractive as evidenced by Buffalo's top rankings in multiple categories as a place to live.
