Duties: Teach undergraduate and graduate information systems courses such as programming, database, systems analysis and design, data analytics, networking and web programming; produce scholarly research leading to publications in refereed journals; advise students and engage in professional activities; serve on various committees at the college and university level; display excellence in teaching, intellectual contributions, advising, and service to the college, university, community and other duties as assigned.

Qualifications: Candidates must possess an appropriate doctorate in Management Information Systems or ABD in Information Systems or a related discipline from an AACSB-accredited university. Preferred consideration will be given to applicants with professional experience in the Information Systems field with relevant teaching experience at the university level and the ability to make scholarly contributions through refereed journal publications and other intellectual activities. Must have demonstration of excellence in oral and written communication skills and be able to work collaboratively with peers on projects and committees. All SAU faculty and staff demonstrate a commitment to inclusion and diversity of the University community and excellence in interpersonal behaviors and effective collaboration with colleagues. Joining the SAU family requires a commitment to our culture of Continuous Quality Improvement.

Applicants should submit a letter of interest, curriculum vitae, unofficial transcripts, teaching evaluations, and a list of three references with contact information to HR@saumag.edu or the Office of Human Resources, Southern Arkansas University, 100 E. University, MSC 9288, Magnolia, AR 71753. AA/EOE. Non-listed reference may be contacted.
