Summary

Category - Academic Positions

Type - Full time

Description

HBMSU is seeking to appoint a full-time faculty at the rank of Assistant/Associate/Assistant Professor in Healthcare Management to support the University's mission of providing learner-centric, quality smart learning. This involves teaching, professional development, content development, research and scholarly/creative activities, institutional service, professional and community service, learner advising and involvement, and supervisory responsibilities as assigned. Candidates should have an international reputation in Healthcare Management. The appointee will join the School of Health and Environmental Studies and will be expected to be familiar with online teaching platforms and methodologies, develop content for relevant courses, work on quality research. Applicants must also demonstrate a commitment to their discipline through scholarly and creative activities. For appointment as Assistant/Associate Professor, candidates should have relevant experience and a sound track record in research and scholarly activities.

Main Roles & Responsibilities

1. Teach both undergraduate and postgraduate courses using online learning platforms and smart technologies
2. Write, design and develop e-content in Health Care Management discipline
3. Supervise, advise and mentor learners in their academic study plan
4. Supervise master thesis
5. Develop and deliver professional short courses, workshops, and interactive training programs for target groups and professional communities.
