The Project Officer will be working closely with Asst Prof Chong Sin Hui on research related to work-life management, career management, life-long and life-wide learning, and mid-career transitions.

The completion of these tasks will contribute to the timely collection of high-quality data to advance knowledge of how to support mid-career learning and optimize work-life management among Singaporeans.

**Key Responsibilities:**

- Completing research administrative tasks such as IRB application, participant management, scheduling of data collections, participant payments, website management, references and citations management, etc
- Assisting in research development and design
- Conducting focus group discussions with selected samples
- Transcribing, coding and analysing focus group discussions on work-life management, life-long and life-wide learning, and career management
- Designing and creating surveys on online survey platforms such as Qualtrics
- Managing data and assist with statistical analyses
- Collaborating effectively with Asst Prof Chong and other research team members consisting of faculty, PhD and undergraduate students

**Job Requirements:**

- Bachelor's Degree in Psychology, Business, Sociology, or Public Policy
- Excellent oral and written communication skills in English are essential to conduct research
- Basic knowledge of or prior experience with qualitative research (e.g., what it is, how it is conducted and analyzed, etc.)
- Working knowledge of research softwares or websites such as SPSS, Excel, Qualtrics, and Endnote
- Interest in organizational behavior or organizational psychology research on work-life management, career management, life-long and life-wide learning, and workforce reentry
- Ability to communicate with participants professionally to facilitate focus group discussions
- Familiarity with Singapore's workforce skill development landscape, such as having basic knowledge of schemes like SkillsFuture, etc
- Willingness to learn research statistical and analytical skills on the job

This position would be especially relevant and developmental for individuals who are interested in pursuing a postgraduate research degree in Business or Social Sciences in future, as you will receive the opportunities to acquire research skills on the job.
