\$72,404 - \$192,040. TSP hourly rate: \$150-\$375. Starting salary will be commensurate with highest degree, past college-level teaching experience, relevant industry experience and equity within the department.

Percent time: Lecturer positions may range from 17% to 100% time in a given fall or spring semester. Instructors teaching one course with three hours of lecture per week during the fall or spring semester will normally be appointed at 33% time; exact percentages depend on contact hours and other assigned duties. Lecturer positions may range from 4% to 22% in the summer. TSP assignments are hourly based on contact hours and other assigned duties.

Anticipated start: Academic-Year: July 1

Fall semester (only): August 1

Spring semester (only): January 1

Summer (only): May - August

Review timeline: The use of a lecturer pool does not guarantee that an open position exists. See the review date specified in AP Recruit to learn whether the department is currently reviewing applications for a specific position. If there is no future review date specified, your application may not be considered at this time. Applications for fall and summer semesters are usually reviewed in February/March, and for spring semester in August/September.

Position duration: Lecturer positions may vary and can be for one semester or a full academic year. TSP positions may vary and can be for one day, a few days, one week, or a few weeks.

Application Window

Open date: December 5, 2024

Most recent review date: Friday, Feb 7, 2025 at 11:59pm (Pacific Time)

Applications received after this date will be reviewed by the search committee if the position has not yet been filled.

Final date: Thursday, Dec 4, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

California, Berkeley invites applications for a pool of qualified temporary instructors to teach experiential-based courses in SCET, housed within the College of Engineering, should an opening arise. Screening of applicants is ongoing and will continue as needed. The number of positions varies from semester to semester (Spring, Summer and Fall) depending on the needs of the department.

UC Berkeley's SCET is the premier institution for the study and practice of entrepreneurship and technology innovation. SCET's mission is to empower innovators to positively change the world and believe mindsets and behaviors matter, diversity adds value, and innovators should be responsible for what they create. Since 2005, SCET has created the foundation of Berkeley's entrepreneurship ecosystem and is known for developing the Berkeley Method, an internationally recognized approach to teaching technology entrepreneurship to undergraduate students, innovation to graduate students, and technology firm leadership to executives and professionals. SCET is where aspiring entrepreneurs and innovators take a deep dive into the world of entrepreneurship and technology innovation. SCET courses offer students the opportunity to learn from experts in their fields, as well as their classmates, and address real-world problems through hands-on group projects. Students have the chance to build networks, learn how to start and grow their own start up, and strengthen transferrable skills in areas such as leadership, teamwork, and communication. The mindsets and skills introduced in SCET classes prepare students to become innovative leaders in their industry, jobs or ventures regardless of the field.

SCET hires a number of qualified professionals and academics to hold temporary lecturer appointments to lend variety and subject matter expertise to our core topics. The topics in our Fall, Spring and Summer curriculum may include but are not limited to: Technology Entrepreneurship, the Berkeley Method of Entrepreneurship, Leadership, Product Management, and other advanced topics and challenge labs in entrepreneurship, innovation, and technology including, but not limited to environmental sustainability, plant based foods, smart cities, future of work, health technology, sports technology, and other emerging technologies and industries.

SCET hires for both lecturer and Teacher Special Program (TSP) positions. TSPs teach short courses on one or more of the topic areas listed. Most TSP courses are taught in a bootcamp' format in August and January. Lecturers and TSPs are responsible for the course syllabus, curriculum development and delivery, holding office hours, student assessment through relevant projects, presentations, problem sets, exams, and/or class attendance and participation, and assigning grades.

The Sutardja Center for Entrepreneurship & Technology seeks candidates whose teaching and experience has prepared them to contribute to our commitment to diversity, equity and inclusion in higher education.

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the [UC Berkeley statement of confidentiality](#) prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements.

As a condition of employment, the finalist will be required to disclose if they are subject to any final administrative or judicial decisions within the last seven years determining that they committed any misconduct, are currently being investigated for misconduct, left a position during an investigation for alleged misconduct, or have filed an appeal with a previous employer.

- "Misconduct" means any violation of the policies or laws governing conduct at the applicant's previous place of employment, including, but not limited to, violations of policies or laws prohibiting sexual harassment, sexual assault, or other forms of harassment, discrimination, dishonesty, or unethical conduct, as defined by the employer.
- [UC Sexual Violence and Sexual Harassment Policy](#)
- [UC Anti-Discrimination Policy for Employees, Students and Third Parties](#)
