At the heart of SIT's mission is to nurture industry-ready graduates equipped with deep technical expertise and transferable skills to tackle tomorrow's challenges. SIT collaborates with industry in our education, while benefitting them with our talent supply and collaborative research achievements.

The University's unique applied learning pedagogy integrates work and study, embedding authentic learning experiences within real-world environments. Through strategic partnerships forged by our faculty with industry, learners bridge theoretical knowledge with practical application in and out of the classroom. Such active & authentic learning opportunities ensures graduates step into their careers with applicable skills and competence.

In research, SIT faculty aims to bridge knowledge creation and utilisation. Our faculty collaborates closely with industry on translational research and innovation with focus on addressing pertinent industry challenges to impact businesses.

The Singapore Teaching and Academic Research Talent (START) Scheme is co-funded by the Ministry of Education (MOE) and SIT to encourage and support outstanding young Singaporeans interested in pursuing an academic career at SIT.

The Applied Research Fellowship aims to provide doctoral candidates who are about to complete or have recently completed their studies an opportunity to engage in advanced training and/or research at an overseas university for one year.

Besides financial support, awardees will also receive academic mentorship.

Upon completion of the Fellowship, awardees will be considered for Assistant Professorship.

Eligibility and Selection Criteria

- Singapore citizen
- Doctoral candidates who have recently completed or are about to complete their studies in a discipline under the supported areas for START below
- Excellent academic record plus a high degree of proficiency and motivation for selected research area
- Have been accepted or have applied for a postdoctoral training at a leading overseas university

Supported Areas for START

Business, Communication and Design

- **Financial and Sustainability Accounting:** The measurement, reporting, and analysis of an organisation's financial performance alongside its environmental, social, and governance (ESG)? and carbon footprint. Integrating traditional financial accounting principles with sustainability considerations to provide stakeholders with a more comprehensive view of a company's long-term value creation.
- **Meetings, Incentives, Conferences and Exhibitions (MICE):** The planning, management, and execution of business events, corporate gatherings, and large-scale conferences. This field is a key segment of the tourism and hospitality industry, requiring expertise in event management, business tourism, marketing, logistics, and stakeholder engagement.
