Key Responsibilities:

The role involves empirical research on investment-related topics, including textual analysis of analyst reports, investment blogs, and corporate disclosures. The position offers an opportunity to engage in high-quality research alongside leading scholars, with access to NTU's resources and facilities.

Job Requirements:

- Bachelor's degree in Finance, Economics, Statistics, Computer Science, or a related field
- Strong interest in investment-related research
- High proficiency in large language models and machine-learning techniques
- Highly responsible, detail-oriented, and able to work independently under deadlines
- Strong analytical and communication skills

Interested applicants are invited to submit a cover letter, full CV with names and contacts of two referees, as well as any other material they deem relevant through the NTU career portal. Enquiries about this position can be made to Prof. Byoung-Hyoun HWANG (nbs-fin-recruiting@ntu.edu.sg).

Review of applications will commence immediately.

We regret to inform that only shortlisted candidates will be notified.
