J.E. Cairnes School of Business and Economics is AACSB, AMBA and EFMD programme accredited, is a member of PRME and holds an Athena Swan Bronze award.

Guided by our public good mission, the School's research and impact seeks to identify solutions to, and inform decisions about, the grand challenges facing business and society with a heavy emphasis on the UN SDGs. The School has an excellent international research reputation and distinctiveness in the following areas:

- Environment and Marine
- Health and Ageing
- Digital Responsibility

Building on the School's research excellence, the School is making a substantial investment to further strengthen its position as a global leader in quality research and education. To that end, the School is currently recruiting a Professor in Environment and Marine to substantially grow research activity, outputs and impact in the School's research distinctiveness area of Environment and Marine.

To achieve the School's research ambition, the Professor in Environment and Marine position is supported by an attractive **starter research funding package worth over €360,000**.

Applications are welcome from candidates who can demonstrate alignment of their research and teaching interests in the area of environment and marine with any of the five disciplines in the School: Accountancy and Finance, Business Information Systems, Economics, Management, or Marketing. Applications from candidates with an excellent research record in any of the following, and related, areas are welcome:

- Marine economics
- Climate change economics
-
